To Whom It May Concern:

A young person was about to turn seventeen years of age when he was senselessly gunned down in June of 1998. On Father's Day, four days after he was shot, he died. Left with a sense of compassion for his parents and disgust for youth violence some friends and I decided to do an event in this child's memory.

A 501C3 Corporation has been established because of this boy, known as The TCMF Fund, Inc. This organization is strictly voluntary. No expense money or salary is taken from the contributions, raffle or poker runs by anyone involved including myself.

Funds donated to the OPS Career Center are deposited in a Trust Account specifically earmarked for equipment and scholarships to the Automotive Department. Also, the TCM Fund, Inc. stipulates no donated funds are to be spent for administrative fees. Funds donated to other organizations listed below follow the same criteria.

Directors

Roz Fahey
Craig Kelley J.D.
W. "Doc" Fahey D.D.S.

It is our dream to raise more money on future events in hopes of keeping children off the streets. Bikers want children to know we care, and want to do our part to help stop youth violence.

If you would like to make a contribution to this charity please contact any member or visit our website at www.tcmfund.org

We wish to thank everyone involved to help make this all possible.

Roz Fahey, Director
